

3 Crown Baking Powder. 3 Crown Spices are best. 3 Crown Flavoring Extracts from Fruit

We solicit your patronage, not solely upon the ground that our goods are manufactured in the state, but upon the broad basis that we are giving you better value for your money than you can possibly receive by asking your grocer for some brand, which in most cases will be found to be an inferior article costing the same or more money. Support home industries and others will start, which means better times.

Explosion at Mercur.

Michael Gunt, a miner working at the Mercur mine, met with a serious accident on Friday. He had set off a blast at noon, but thought from the number of reports that one shot had missed, going back to find out. The shot went off as he reached the face of the drift. He was immediately taken to the hospital and it was found that both eyes were in such a condition that a recovery of his eyesight is very doubtful. His left arm and hand were also badly lacerated. He was taken to St. Mark's hospital for treatment. Gunt is about 35 years of age and came to Mercur from Park City about two months ago. He has a brother in camp. He is unmarried.

Started on Wednesday.

Manager Goetz announced yesterday that so far as known now the sugar campaign would open on Wednesday, the 10th. Everything is in readiness at the factory, and it is now simply a wait for beets. Farmers began harvesting yesterday, and beets will come in every day from now on. Nothing will be done until 1,000 tons are stored in the sheds. It is the intention of the company to keep about this amount of beets on hand constantly, so there will be no danger of delay waiting for the beets to come in from the fields.

The cars for hauling the tubers arrived yesterday and to-day. It is estimated that thirty cars will be constantly employed handling the crop.

The first thousand tons will include beets from the entire lower valley. The Hagerman farmers are expected to begin shipping Wednesday.

Beets have shown quite an increase in sugar content the last few days.

The force employed in the factory at the starting will number between eighty-five and ninety men.—Eddy Argus.

If the sugar factory project for Weber county is to be made a success, the people of Ogden must subscribe for stock in the proposed sugar factory for Ogden in the sum of \$54,600, in addition to the amount already subscribed.

The sum of \$145,400 has already been subscribed, and if the people in the city subscribe \$200,000, the Weber club will then undertake to raise another \$50,000 from dwellers in the country outside the city. Unless that amount is raised in the city the Weber club will spend no money subsidizing in the outside towns.

If the citizens of Ogden raise \$200,000, there should be little trouble in raising the other \$50,000 from the country, and if the \$250,000 is raised, the rest has already been assured by Mr. Eccles. Of course, if Mr. Eccles and his associates determine that the factory is to be built it will be built, it could be built by them alone, yet it is but natural that they should desire the association of others with them in the project which will enhance the value of every foot of land in this section.

But, at any rate the matter stands thus: If the citizens of Weber county, between now and Dec. 1, subscribe for sugar factory stock in the amount of \$104,600, then Weber county will get a \$500,000 sugar factory.

Our I's and... ...Other Eyes.

Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn., who, after a quarter of a century of observation writes:

"I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier, that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has, "Nothing but words of praise for Ayer's Sarsaparilla."

Any doubt about it? Send for "Curebook." It kills doubts and cures doubters. Address J. C. AYER & Co., Lowell, Mass.
